

Tuesdays with Artis

Presented by our Artis Team Dementia Practitioners

If you're a caregiver for an older adult living with dementia, this group is for you and your loved one. Spend the morning with us.

Each Tuesday from 10:00 a.m. to 12:00 p.m., you'll be part of a support group led by one of our Certified Dementia Care Practitioners, while your loved one will be participating in our Life Enrichment program. You'll have the opportunity to gain insight into dementia caregiving, get support, have questions answered and learn about resources. Your loved one will be socializing and having fun!

RSVP the day before each program.
